

EXERCISE 7: SYNOPSIS AND BRAINSTORMING

DUE DATE: Wednesday, April 16 at the start of class

This exercise coincides with Project 7 directly. For Project 7, you need to write a synopsis of the book you choose. The synopsis should be at least one full page, double spaced in Arial or Times at no more than 12 pt font. The synopsis should include:

- Name of book and author
- Brief summary of the book including the plot
- Brief summary of the main characters
- List of major themes/ideas found in the book

Using the synopsis, begin brainstorming a list of at least 100 words associated with the story. These can be anything from colors to things to ideas. This list can be hand written or typed. Finally, after completing the synopsis and the brainstorming, highlight two or three main ideas you would like to pursue when moving to the sketch stage. Turn in all three items to me by the date above.
